HEALTH AND LIFESTYLE

FUN IN THE SUN

Summer is a great time to exercise but it should be done responsibly.

1. Rise and shine - Switch up your routine and get out and exercise before the sun becomes too harsh. Hey, you might even catch the sunrise!
2. Protect yourself - Be sure to put on sunscreen for any activity done outside like gardening, walking, playing with the kids, etc. Consumer Reports came out with the best sunscreens to use this year, be sure to check them out.
3. Stay hydrated - It's easy to get carried away having fun in the sun but be sure to stay hydrated. Fill up a reusable water bottle every night and pop it in the fridge so you can grab it when you are on the go in the morning.
4. Summer activities - Check out what your local community center or gym is offering. They tend to offer more classes during the summer and ones that you can do outside.
5. Cotton is your friend - When exercising outside be sure to wear layers and clothing that is breathable like cotton. Lighter color clothing tend to feel less warm than dark color clothing like black or navy.
6. Be safe - Make sure you are familiar with the signs of heat stroke or stress. Enjoy the weather and don't push yourself too hard.

JOKES OF THE MONTH

HA-HA-HAVE A LAUGH

Q: What does the sun drink out of?
A: Sunglasses.

STOP DUMPSTER ODORS IMMEDIATELY

We all use trash bins and dumpsters to dispose of waste, but depending on what you throw away and how much you throw away, there might be dreadful odors radiating from your waste bin.

Pacific Breeze is now offering three unique fragrances in our Dumpster Control™ Granules to help put an end to malodors with ease. These three flavors are Sunday Morning, Signature, and Pink Bubble Gum!

To control odors from your trash bin, scatter two or three scoops per cubic yard of container capacity. Eliminating malodors is just that easy! With dozens of more applications, you can also use Dumpster Control™ Granules for liquid spills, animal containment, food processing waste, organic malodors, pest control, and emesis removal.

ODOR BUSTERS!

FIX SMELLY DRAINS AND TRASH CANS....

Golden Pacific™ Extra Strength Odor Eliminator is perfect for industrial use in many different facilities! **Does your drain have an odor that doesn't smell pleasant?** It's not easy to remove smells that may disturb your work environment.

Golden Pacific™ was made to kill odors that may come from trash and garbage cans, restrooms, toilets, fixtures, smoke, dumpsters, for odor control and general air freshening. Luckily, this odor eliminator is safe to use on all washable surfaces. Golden Pacific suppresses and counteracts the strongest of odors.

Upon purchase, this item is ready for use! Turn the nozzle to mist, and begin spraying any washable surface to eliminate malodors. *Depending on the severity of the odor, you can also mix 4-8 oz. of spray per gallon of water.*

REMOVE STAINS & ODORS

Uradicator™ Odor & Stain Control is perfect for

eliminating ugly pet stains and terrible odors!

Locate the undesired stain that has dried into your carpet. Dampen the affected area with lukewarm water, not cold or hot! Take your bottle of Uradicator™ Odor and Stain Control and spray the stain until the spot is moist, but not soaked. Let it sit for 30 seconds. Blot (do not rub) the stain using a clean, damp towel. Repeat these steps if necessary for the stain!

For undesired odors, spray Uradicator™ directly on the affected area where the odor is originating! Allow the specially bred enzyme cultures to attack the odors immediately! It digests the source, just the way that nature does!

INSTANT HAND SANITIZER & MOISTURIZER WITH ALOE

PROTECT YOURSELF FROM GERMS AND VIRUSES YOU CAN'T SEE!

Specially designed formula kills 99.99% of germs in 15 seconds. Evaporates quickly, leaving no residual odor or color and can be used repeatedly without drying the skin. Meets OSHA's Bloodborne Pathogens standard.

Alcohol-based handrubs significantly reduce the number of microorganisms on skin and substantially cut down on the spread of potentially lethal antibiotic-resistant bacteria. These products are fast acting and cause less skin irritation than antibacterial soaps.

Teachers, students, doctors, and healthcare personnel may be more inclined to use alcohol-based handrubs because they are more convenient to use.

Why Pacific Breeze Hand Sanitizer?

- Kills 99.99% of germs in seconds
- Great when water and soap is not available
- Contains moisturizers to prevent dry, chapped hands with repeated use
- Excellent for classrooms and care facilities
