HAVE A SMELL GOOD SUMMER...

Everyone loves a Smell Good summer! Our products are just what you need to tackle those unwanted summer smells. Welcome to the Pacific Breeze® family!

Pacific Breeze® Uradicator™ Urine Odor & Stain Control

Attack uric acid odors immediately with Uradicator™

Urine is one of the hardest odors to get rid of. If it's in the carpets, furniture, or floors, it can change the smell of the entire home (or workspace). Since it's one of the hardest odors to get rid of, that's why we invented Uradicator™ Urine Odor & Stain Control Remover. This is because of the powerful nature of uric acid crystals, which are present in all mammal urine. A clean-smelling home or office is welcoming, relaxing, and comfortable. A house that smells like urine is stressful.

Urine stains and smells aren't just uninviting – they're unhealthy. The warmth from the urine is a great place for bacteria to grow and multiply, and this process begins immediately. The urine oxidizes and reacts with your carpet or hardwood, quickly causing a color change. Sometimes these color changes aren't

reversible, so it's important to have a stain and odor eliminator on hand. If you take care of it quickly, you won't see that stain again.

Uradicator is an exciting new product composed of specially-bred enzyme and bacterial cultures that annihilate uric acid molecules. It does its job by digesting odor at its source – the way nature does it.

The best part? It goes to work in days, not weeks or months. This is a natural product with absolutely no negative environmental impact. On top of that, it's completely safe to use around people and animals.

Where to Use

Uradicator™ Odor & Stain Remover can be used anywhere there are urine odors and on any washable surface. Feel free to use it on carpets, linoleum, toilets, sinks, and urinals. If you've never used this product, try a spot test first.

How to Use

Uradicator™ is also easy to use. Simply spray, blot, and spray once more. It will quickly remove stains and odors so you can relax.

When to Use

This product is made with natural ingredients, so you don't need to worry about harmful chemicals. Feel free to use it when you need it. Remember to spray as soon as you see the stain. The quicker you can get to it, the better.

How it Works

Uradicator™ attacks uric acid odors immediately by a powerful enzyme digestion process. The specially bred enzymes and bacterial cultures in Uradicator™ actually break down the uric acid molecules like nothing else before. It does its job by digesting the source, just the way nature intended. Works in minutes rather than days or weeks with zero environmental impact.

- Easy to use
- Digests uric acid on contact
- Attacks odors and stains immediately
- Excellent for use on pet stains
- Zero environmental impact

Available in 2oz. spray, 24oz. spray, 5 gallons, and 55 gallons Visit us at www.pcbz.com or call us +1 800-467-5285!

DON'T FORGET ABOUT
DUMPSTER CONTROL™
 MMMM... SMELLS LIKE
 "BUBBLE GUM"

Bad odors emanate from dumpsters and trash during warm summer days. Those malodors can be overpowering; which may result in customer complaints or even worse, customers leaving unsatisfied. Dumpster Control™ is formulated to tackle these malodors. To control odors from your trash bin, scatter two or three scoops per cubic yard of container capacity. With dozens of more applications, you can also use Dumpster Control Granules™ for liquid spills, animal containment, food processing waste, organic malodors, pest control, and emesis removal. Ask your Representative about Dumpster Control™ and Garbage Granules™ today!

- Instantly eliminates odors on contact
- Absorbs odor-causing spills
- Long-lasting odor control
- Biodegradable with Citronella

FUN IN THE SUN

SUMMER IS ALWAYS A GREAT SEASON TO EXERCISE OUTSIDE!

- 1. Rise and shine** - Switch up your routine and get out and exercise before the sun becomes too harsh. Hey, you might even catch the sunrise!
- 2. Protect yourself** - Be sure to put on sunscreen for any activity done outside like gardening, walking, playing with the kids, etc. Consumer Reports came out with the best sunscreens to use this year, be sure to check them out.
- 3. Stay hydrated** - It's easy to get carried away

having fun in the sun but be sure to stay hydrated. Fill up a reusable water bottle every night and pop it in the fridge so you can grab it when you are on the go in the morning.

4. Summer activities - Check out what your local community center or gym is offering. They tend to offer more classes during the summer and ones that you can do outside.

5. Cotton is your friend - When exercising outside be sure to wear layers and clothing that is breath- able like cotton. Lighter color clothing tend to feel less warm than dark color clothing like black or navy.

6. Be safe - Make sure you are familiar with the signs of heat stroke or stress. Enjoy the weather and don't push yourself too hard.

TRAVEL TIPS FOR THE SUMMER

- 1. Summer flights** tend to be one of the fullest so planning to purchase tickets 6 weeks ahead or more will help ease the stress of solidifying a flight with everyone in your party.
- 2. If you are planning a road trip** be sure to be knowledgeable on the best route to follow. Know where there are restaurants or rest stops along your whole trip. The earlier you start the day the better especially if you have children.
- 3. Snacks are your friend!** Always keep a few different snacks like protein bars, pretzels, dried fruits, etc. This will help you make healthy choices when it feels like you are surrounded by fast food.
- 4. Be sure to notify your bank** that you will be traveling and when you should be back. When you let your bank know your locations this will help your bank identify fraudulent charges sooner than later. It will also let your bank know not to

block any legitimate transactions being done by you.

5. Keep a list on your phone or a note pad at your work so you can jot down items that you need to remember to bring with you on vacation. There are plenty of starting lists on the internet you can download and customize to your specific needs. ***Be safe and have fun this summer!***

JOKES OF THE MONTH

HA-HA-HAVE A LAUGH

Q: When do you go at red and stop at green?

A: When you're eating a watermelon!

Q: Did you hear the joke about the peanut butter?

A: I'm not telling you. You might spread it!

Q: Why do watermelons have fancy weddings?

A: Because they cantaloupe!

Q: Why are gulls named seagulls?

A: If they were by the bay, they would be called bagels!

Q: What do you call a fish with no eye?

A: A fish!

Knock Knock.

Who's there?

Summer.

Summer who?

Summer gonna get tan and summer gonna burn!

Knock Knock

Who's there?

Ice cream

Ice cream who?

Ice cream if you don't let me in!

WHIPPED GARLIC BUTTER

Ingredients:

- 1 cup Unsalted butter, soften
- 1 tablespoon minced garlic
- 1/3 cup grated Parmesan cheese
- 1/2 tsp salt
- 2 tsp garlic powder
